

What is the

Coronavirus?

Rosehill School

Viruses

make

people

poorly.

The Coronavirus is a new

virus

that

is

making

people

around

the

world

poorly.

It

can

also

be

called

Covid-19.

People

who

have

Coronavirus

might

have

a cough.

People

who

have

Coronavirus

might

feel

very

hot.

To be safe, the Prime Minister

has

said

people

who

have

a cough

or are

too

hot

must

stay at

home

Because of this, you

might not go to school or

might be sent home.

If this happens you

will need to stay at

home for 7 days.

This

does not

mean

that

you

have

Coronavirus.

It means

that

we

are

keeping

you

safe.

Most

people

stay at

home

to

get

better.

Some

people

might

go to

hospital

to

get

better.

Staying

Safe

Germs

spread

Coronavirus.

You can

help

to

stop

germs

spreading.

To stay safe,

you need to

wash your hands.

Use soap

and

scrub

in between

your

fingers

and all-over

your

hands

lots of times

in

the

day.

Try

not

to

touch

your

face

or mouth.

If

you

do,

wash your hands

again.

Throw

tissues

in

the

bin

and then

wash your hands.

If you sneeze or

cough,

wash your hands.

If

you

do

not

have

soap

and

water

you can

use

hand sanitiser.

Sing

to

Row,

Row,

Row

your

boat

x2

x2

Wash,

wash,

wash your hands,

scrub them

nice

and clean.

Scrub them

here

and

scrub them

there

and

scrub

them

in between.

What if

School closes?

The Prime Minister

might

decide to

close

school

If this happens,

things

will

change.

You

will not

go to school.

You

will

stay at

home.

You

will not

be able

to go

outside.

The teachers

will

put

some

work

on

the

website

for

you

to

do.

When

it is

safe,

you

will

go back

to

school.

We

do not know

how long

school

will

be

closed

for.

When

we

know,

you

will

know.
